But to such, as a book of reference, it will be of great convenience, saving them much time and labor in making estimates. Many builders have long experienced the need of such a work, that would greatly lessen the time and labor in estimating the cost of building, and at the same time teach the workman the art of calculating the cost of buildings. The special object of which is to show the proper method of obtaining the cost of any contract, large or small, and to greatly lessen the time and labor in making the calculations. The greater part of the book is unlike any other work, with so great a variety of full bills of timber...
