*It is just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at any moment of your time (that's what catalogues are for about when you check with me).*

McGill-Queen's University Press. Paperback. Book Condition: new. BRAND NEW, Paradigm Freeze: Why it is So Hard to Reform Health Care in Canada, Harvey Lazar, Pierre-Gerlier Forest, John N. Lavis, Why has health care reform proved a stumbling block for provincial governments across Canada? What efforts have been made to improve a struggling system, and how have they succeeded or failed? In Paradigm Freeze, experts in the field answer these fundamental questions by examining and comparing six essential policy issues - regionalization, needs-based funding, alternative payment plans, privatization, waiting lists, and prescription drug coverage - in five provinces. Noting hundreds of recommendations from dozens of reports commissioned by provincial governments over the last quarter century - the great majority to little or no avail - the book focuses on careful diagnosis, rather than unplanned treatment, of the problem. Paradigm Freeze is based on thirty case studies of policy reform in Alberta, Saskatchewan, Ontario, Quebec, and Newfoundland and Labrador. The contributors assess the nature and extent of healthcare reform in Canada since the beginning of the 1990s. They account for the generally limited extent of reform that has occurred, and identify the factors associated with the relatively few cases of large reform. An insightful new perspective on a problem that has plagued Canadian governments for decades, Paradigm Freeze is an important addition to the field of health policy. Contributors include John Church (University of Alberta), Michael Ducie (Alberta Health and Wellness), Pierre-Gerlier Forest (Pierre Elliott Trudeau Foundation), Stephen Tomblin (Memorial University), Jeff Braun Jackson (Ontario Professional Firefighters Association, Burlington, ON), Marie-Pascale Pomey (Universite de Montreal), John N. Lavis (McMaster University), Harvey Lazar (Queen's University), Tom McIntosh (University of Regina), Dianna Pasic (McMaster University), and Michael G. Wilson (McMaster University).
