Reviews

It is just one of my personal favorite book. I was able to comprehend every little thing out of this published publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

ECONOMICS, INTERNATIONAL EDITION: PRINCIPLES AND POLICY

Cengage Learning Emea, 2008. Taschenbuch. Book Condition: Neu. Neu Neuware, Importqualität, Schnellversand mit dpd - This text is well-known for using the Keynesian model in the teaching of economics; yet, in recent editions, the authors expanded coverage of the growth model considerably to achieve more balanced coverage. The text uses the aggregate supply/aggregate demand model as a fundamental tool for learning macroeconomics. It achieves the right level of rigor and detail, presenting complicated concepts in a relatively straightforward manner and using timely economic data. Using puzzles, issues, and well-developed examples, the authors provide a good balance of theory to application, allowing you to relate the materials to your everyday life. 856 pp. Englisch.
